5. Business

BUSINESS

1. SOMHA uniforms and apparel- Davidson Apparel, our president will reach out and say we will talk to our managers about this option.
2. BC Hockey Meeting June 12 follow up. We sent the email to both arenas. Oliver Arena did reply with information about they hope to open at normal time. Osoyoos arena has no plan yet for opening day of the arena. Sounds like we need to keep pushing forward and planning and hope all is a go. We will have to follow BC Hockey safety as well as Osoyoos and Oliver Arenas to make things work. Major Exec. Should have a look at safety protocol of BC Hockey and look at one of the rinks safety plans.
3. Residential Waivers – 2 Females wanting to move to Penticton. However, we have been told by OMAHA that if we do not have a South Zone team then the boundaries will be closed. Zones were voted down at the last OMAHA meeting in Vernon, but people are hearing rumours that there may be a South Zone team. These 2 females only want to play female hockey and have requested to move to Penticton. Also, a player wanting to move to Penticton as they go to School in Penticton and we agree to allow them to move.

Subject: SOMHA Uniforms and Apparel

Hi Brianne

My name is Lee Davidson from Davidson Team Apparel, we are a uniform and team apparel supplier up in Penticton. I have been looking over your website for information regarding a formal Request For Proposal (RFP) for team uniforms and apparel. I didn't find anything, but did see in the SOMHA governance manual that you purchase from Game Time in Penticton around July (although that manual is from 2015, so I don't know if that is still accurate).

Is there a formal way that PMHA collects bids for your uniforms, practice jerseys, bags and team apparel? We would love to be involved in the bid process and work together with PHMA as a preferred vendor.

Thank you for any information.
