Subject: Somha scholarship

Dear SOMHA Board,

My name is Evan Della Paolera and I was a member of the South Okanagan Minor Hockey Association for 12 seasons. I graduated in 2017 and received a scholarship for the amount of \$1500. The scholarship said that I was able to defer it for up to one year. However, as I furthered my hockey career by playing four seasons of Junior Hockey I was unable to attend University. This upcoming school year and season I will be attending Selkirk College to play for their University Hockey Program. I would be very grateful if the association would be willing to extend this scholarship for me so that I am able to further pursue my hockey and academic goals. I look forward to hearing from you and thank you for your consideration.

Kind regards,

Evan Della Paolera
